SUMMARY

As a seasoned Front-End Web Developer proficient in HTML, CSS, JavaScript, React, and RESTful APIs, I excel in automating processes, optimizing website performance, and building strong client relationships. My diverse background includes crisis management, leadership, and community engagement, making me a valuable asset for high-impact development teams.

SKILLS

- **Front-End**: HTML, CSS, JavaScript, React, Gatsby, Vite
- **Testing**: Cypress
- **Automation**: Google Apps Script

- **CMS**: Contentful, Wordpress
- **Analytics**: Google Analytics
- **Version Control**: Git, Github
- **Operating System**: Linux

PROJECTS

Pokemon Habitats Populator (Paid Contract)

- Integrated MySQL for efficient data management and filtering of approximately 1000 Pokémon entries.
- Implemented complex conditional logic to enhance the user experience and allow users to select preferred habitat types.
- Collaborated closely with the client to translate requirements into mockups and deliver a tailored, client-approved solution.
- Demonstrated adaptability, problem-solving, and effective communication in a paid contract role.

Recipes Website (Personal Project)

- Created a dynamic recipes website using Gatsby as the static site generator and Contentful as the CMS.
- Implemented GraphQL to query data and render a user-friendly interface.

Random Quote Generator and Money Exchange Calculator Apps (Personal Projects)

- Developed apps utilizing RESTful APIs to provide real-time data and user interactions.

EXPERIENCE

Transformative Education Counselor My Friend's Place

Los Angeles, CA | 2019-Present

- Utilized Google Apps Script to automate data tracking, email communication, and calendar functionalities, resulting in improved accuracy and streamlined processes.

- Developed crisis management skills to efficiently organize and prioritize tasks, meeting tight deadlines during the fiscal year-end data organization.
- Collaborated with diverse teams and clients to identify and create actionable goals, establish clear expectations, and develop effective strategies to achieve desired outcomes.

Program Director One-Eighty Youth Programs

Lodi, CA | 2017-2019

- Transformed the organization's website using Wix, implementing SEO strategies and Google Analytics, and improving user engagement, leading to a 100% increase in website visits and social media followers.
- Collaborated with managers to maintain brand consistency on the website and social media platforms.
- Created a comfortable, safe, and fun atmosphere uniquely suitable for reaching varying demographics within the surrounding community, resulting in a 25% increase in program enrollment and retention.

Youth Director Cornerstone Church of Lodi

Lodi, CA | 2014-2017

- Fostered strong relationships with diverse groups of students and parents, demonstrating effective communication and empathy.
- Led a team of volunteers, cultivating a supportive environment that encouraged engagement and active participation in youth activities.
- Adapted to evolving challenges with creative solutions, adjusting strategies to meet the needs of individual participants and enhance overall program effectiveness.
- Provided mentorship and guidance to youth members, supporting their personal growth and development, honing my ability to understand and address individual needs.
